

How to access your Vivio Portal client account

This article will explain the process for accessing an existing Portal account. Please see the related articles section at the bottom if this isn't what you were looking for.

Step-by-step guide

How to log in to Portal:

1. To login to Portal, visit <https://portal.viviotech.net>.

The image shows the Vivio Technologies logo at the top. Below it is a 'User Login' form. The form has a blue header with the text 'User Login'. Below the header are two input fields: 'Username' and 'Password'. Below the 'Password' field is a blue 'Login' button. At the bottom of the form is a link that says 'Reset Password'.

2. Your username is the username provided when first creating your account. It may be set to the email address associated with your account, or some other specified username.

Having trouble? Contact us and we'll help you!

3. Next, enter your password. Please note that if you do not know your password, do not repeatedly attempt to log in with guessed passwords as you may lock your account. Instead, perform a password reset.
4. Once you have entered your username and password, click the 'Login' button.

And that's it! If you have any trouble, please check the related articles below for further assistance, or contact us for assistance.
